

Louisville Brass & Electric

Now Booking For Events in 2014 - 2015

When putting on a festival, a corporate party, or a trade-show function, high quality entertainment is key. Your event needs to be popular and/or profitable.

Every event that a company sponsors reflects to their clients, their competition, and even their employees, the 'perception' of their brand. Quality and appropriate live entertainment helps ensure your success.

Selecting Louisville Brass & Electric for your event is not only good business, it's smart business.

Louisville Brass & Electric is an eight-piece rock n' soul revue. Our variety of music is tailored to appeal to a broad range of ages and is ideal for promotional events. Guests of all ages will enjoy listening and dancing.

Five of our eight members sing lead vocals and we pride ourselves on outstanding vocal harmonies as well as tight horn arrangements. Each member of our group is a veteran professional musician who has performed on top-ten hit records or played at high profile venues in cities such as in Las Vegas and New York City.

Very few acts can perform 'live' with the energy, and accuracy of those original studio recordings. That's where LB&E really excels! Close your eyes, and you can easily image the original act performing that song.

Choosing the 'right' entertainment not only satisfies current customers, but future customers as well.

To review a list of the artists we play, or hear our audio sampler, please visit www.LB-E.com.
