

Louisville Brass & Electric

Now Booking For Weddings in 2014 - 2015

Louisville Brass & Electric is an eight-piece rock n' soul revue. Our variety of music is tailored to appeal to a broad range of ages and is ideal for wedding receptions. Guests of all ages will enjoy listening and dancing.

Five of our eight members sing lead vocals and we pride ourselves on outstanding vocal harmonies as well as tight horn arrangements. Each member of our group is a veteran professional musician who has performed on top-ten hit records or played at high profile venues in cities such as in Las Vegas and New York City.

Very few acts can perform 'live' with the energy and accuracy of the original recordings. That's where LB&E really excels! Close your eyes, and you can easily imagine the original act performing that song.

The energy never stops . . . even during the breaks . . . and the music is NEVER too loud!

When we take a break, it's NOT an entertainment break. Bring your iPod, iPad or iPhone with your favorite song selections and we'll have our audio engineer connect it to our ultra high quality sound system and play those songs during our break.

And that's not all . . .

When necessary, we will also gladly act as emcee for your special events such as announcing of the wedding party, cutting of the cake, the first dance, and those wedding 'classics' such as "The Hokey Pokey", "The Electric Slide", and the "The Macarena".

To review a list of the artists we play, or hear our audio sampler, please visit www.LB-E.com.
